

Community Action for Healthy Living, Inc., Rural Health Initiative, and the Community Health Improvement in Action (CHIA) projects of Outagamie, Brown and Calumet Counties are teaming up to provide an educational event for community-minded individuals and organizations.

Join us for a complimentary, healthy lunch and an opportunity to learn about local community-based prevention initiatives.

- **Tobacco and E-Cigarettes** - *Community Action for Healthy Living, Inc* will be discussing e-cigarettes and other tobacco products
- **Alcohol policy** - *CHIA* will be discussing alcohol related public health problems and why we should be concerned
- **RHI Kitchen Wellness** – Learn how the *Rural Health Initiative* provides preventive free health screenings to Outagamie and Waupaca's agricultural community

Public is welcome. Meet and network with local legislators and community-minded partners on critical topics that affect us all.

December 9th, 2015

11:30-1:30

Grand Meridian

2621 N Oneida Street Appleton
